More Than 6,000 People From Scott and Rock Island Counties Gather at Suburban Island.

RODRIGUEZ IS MAIN SPEAKER
Athletic Program in Afternoon Proves Big Success—Local Team Loses the Tag of War.

More than 6,000 people attended the fourth annual outing and picnic of the Mississippi Valley Socialist association held yesterday at Suburban Island. The affair was a huge success, the attendance exceeding that of other years by a big margin. Outside of a shower in the afternoon the day was ideal for the picnic. The socialists of both Rock Island and Scott counties turned out in great shape, visitors being registered from Muscatine, Clinton, Macgregor, Keokuk, Wilton, Junction and other Iowa towns, Coal Valley and Mather, Illinois also sending delegations.

The feature of the day's entertainment was an address by William E. Rodriguez, socialist spokesman of the Fifteenth ward in Chicago, who touched upon labor conditions in the country and the European struggle. Mr. Rodriguez also devoted part of his time to a memorial for John J. Burns, the famous French socialist, who was assassinated July 30, 1914, following an anti-war feeling.

An athletic program was also held in the afternoon consisting of a ball game, tug of war and races for both the children and grownups. In the ball game the Chicagoans of Davenport defeated the Davenport Giants. Scott county members won the tug-of-war from the Rock Island county team after five minutes of the hardest kind of tussling. All of the races were exciting and close, it being necessary to run several events a second time because of this.

(Special to The Argus).
Cleveland, Ohio, Aug. 2.—Three Cleveland congressmen, Representatives Robert Crosser, H. I. Emerson and William Gordon, two democrats and one republican, stated they would help fight the war munitions trust when the bill for government-owned plants comes before next congress.
They said the proposed half-billion-dollar war appropriation will meet little resistance, but that the real fight will be on the question of whether the increased armament is to be supplied by the war trust or manufactured in government plants.

Remington Arms Company Closes Contract With That Number of Skilled Men in Tri-Cities.

FLATTERING OFFERS ARE MADE

Men Are Assured Work for Two Years at From \$4 to \$5 a Day and Expenses to Eddystone Paid.

One hundred and fifty families will be taken out of the tri-cities through the removal of that number of skilled mechanics at the Rock Island arsenal shops and other industries here to Eddystone, Del., to accept employment with the Remington Arms company there.

For some time representatives of the Remington company have been engaged in this vicinity offering skilled mechanics a two-year contract, with wages ranging from \$4 to \$5 a day and expenses of removal to Eddystone.

Families to Follow.
The exodus has already started and by the middle of August all will have left, the men at least, and their families will follow later. Grand Circuit at Kalamazoo.
Kalamazoo, Mich., Aug. 2.—Grand Circuit meeting, which begins today, promises to furnish better contested races, especially in the late closing purses, than were seen at either Cleveland or Detroit. The meeting in those cities mixed up the class horses thoroughly, with the result that at Kalamazoo a lot of the race winners at the other points will fall in against each other.

RESPECTED ILLINOIS WOMAN SPEAKS.

Jacksonville, Ill.—"I can say Dr. Pierce's Golden Medical Discovery is a fine medicine. I had stomach trouble and having read of what 'Golden Medical Discovery' would do I procured one bottle at the drug store. It helped me at once. I never had any medicine help me as much as this did. When I began using it I had such pain and misery that I could not eat a good meal and sometimes I could not find food on my stomach. This remedy relieved all my bad feelings and cured me. I have had no return of the trouble. This medicine was the only one I used. My mother was a weak woman, she used 'Golden Medical Discovery' and thought very highly of it. It is a 'standby' in the family."—Mrs. LURELL SANDERS, 609 East North St., Jacksonville, Ill.

A HUMAN CHURN!

When the food reaches the stomach it is subjected to a peculiar churning movement by the muscular walls of the stomach. (See Dr. Pierce's Free Medical Adviser, page 45.) In the liver, kidneys and skin, the blood is purified of its waste materials—these organs act as human filters, leaving the blood pure and clear—unless these organs function properly. Dr. Pierce's Golden Medical Discovery is a stomach, liver and kidney tonic—by assisting the stomach to assimilate, the liver to filter, the kidneys to act—the poisons are removed, the red blood corpuscles are increased and one feels light, fresh and active instead of heavy, dull and heavy. The "Discovery" stimulates the stomach, increases action of heart and arteries and is a most satisfactory alternative in blood-taint of any character.
